- Ignition Grant under i-TBI (Inclusive Technology Business Incubators) NIDHI (National Initiative for Developing and Harnessing Innovations) program by DST at APIIC is designed to support startups and innovators in the field of Medical, Healthcare and related sectors.

- Proposal selection is subject to the approval of the Screening and Monitoring Committee.

- Basic Eligibility: Applicants must be individuals or early-stage startups, at least 18 years old, and the startup should be incorporated in India with a minimum of 51% equity held by Indian citizens.

- Project Requirements: The proposed project must be a physical product with a roadmap towards commercialization, and the prototype must be completed within 12 to 14 months.

- Application Process: Innovators can apply to any one of the Inclusive Technology Business Incubators (i-TBI) for the Ignition Grant.

- For more detailed guidelines, you can email us at events.apiic@gmail.com
