The detailed lot inventory proposed for disposal is enclosed at Annexure-I.
Auction Detail	: All India Institute of Medical Sciences (AIIMS), Patna invites e-auction bids from eligible bidders for the disposal of old, Mild Steel (MS) Pipes, Channels, and Angles on "AS IS WHERE IS BASIS", "AS IS WHAT IS BASIS", "NO COMPLAINT BASIS", and "WHATEVER THERE IS BASIS". The detailed lot inventory proposed for disposal is enclosed at Annexure-I. The auction shall be conducted strictly on a single, consolidated lump-sum basis altogether. The entire lot of MS pipes, channels, and angles shall be bid upon and sold as a single, indivisible unit to the highest (H1) bidder. No unit-rate, per-piece, or per-kilogram bidding will be permitted or entertained on the portal. The materials are offered for sale without any guarantee, warranty, or representation (expressed or implied) regarding their remaining structural life, exact degree of rust, clean usable length, wall thickness, or suitability for any specific purpose or reuse. The total estimated weight of the scrap lot (comprising various diameters of old MS pipes, channels, and angles) is approximately 38,000 Kg (38 Metric Tons), as detailed in the engineering survey sheet. Bidders must note that

this weight is strictly an **approximate engineering estimate** provided solely for general guidance, identification, and reference.

Since this is a lump-sum, altogether auction, **all prospective bidders are mandatorily required to physically visit the storage site** stacked behind the KEDNRIYA BHANDAR at AIIMS Patna prior to participating in the auction. Bidders must inspect, verify, and satisfy themselves regarding:

- a. The actual physical quantities and total count of pieces.
- b. The exact dimensions, clean usable lengths, and wall thicknesses.
- c. The actual physical condition of the metal, including the degree of atmospheric corrosion, rust, scaling, and decay.

By submitting a bid, the bidder explicitly warrants and represents that they have physically inspected the site or have chosen to waive such physical inspection entirely at their own risk and cost.

- a. Submission of a bid constitutes **absolute and unconditional acceptance** of the condition, volume, weight, and physical status of the materials as they exist at the site.
- b. No claims, disputes, grievances, or requests for price reductions, refunds, or pro-rata financial adjustments will be entertained by AIIMS Patna after the submission of the bid or the completion of the sale on the grounds of actual weight, quality, or quantity variations from the estimates provided in this document. The final accepted H1 lump-sum bid shall remain absolute, final, and legally binding.
